

## The Northside Resilience Fund Application Guide

The Northside Resilience Fund grant provides \$3,000 in direct cash assistance to up to 1,300 North St. Louis City households (renters and homeowners) who were most impacted by the May 16, 2025, tornado and received a “red sticker” on your house by the City of St. Louis signifying that your home has severe structural damage.

### 3. Building Division Stickers

✓ In this section, you will be asked for information about your home's Post-Tornado Building Safety Assessment from the City of St. Louis Building Division. You can learn more about the Post-Tornado Building Safety Assessments [here](#).

⚠ You will see a specific date listed on the application. Our verification process uses safety assessment data available **up to that date only**. If we receive updated data, we'll revise the message on the application to reflect the new date.

**What color sticker did the City place on your home after the tornado? (required)**

☐ Red - severe structural damage

☐ Yellow - moderate structural damage

☐ Green - little to no structural damage

☐ My home did not receive a sticker

- Only applicants who have indicated they have received a red sticker will be asked for additional information. The application is structured this way to respect the time it takes to apply and be transparent about who is eligible for assistance.

- If your home received a **yellow or green sticker**, or **no sticker**, you will not be eligible for the fund at this time and we recommend you do not complete the application unless you'd like to answer a few optional questions to help us better understand community recovery needs. Your answers to these questions will not change your eligibility.

▪ If you are waiting for an assessment or re-assessment, you may apply later. In order to get emergency funds out quickly to those who are at risk for displacement, we are prioritizing those who have received a red sticker. If your home is unlivable due to tornado damage, you can request an assessment by the City by completing a form on the St. Louis City website [here](#).
